HIGHLIGHTS & DESCRIPTION

Hunting in Liberia's Rainforest

Overview

The Hunt

The hunt spans 7 full days in the rainforest. Hunting can occur around the clock, but experience shows the best times are from approximately 9 PM to 2 AM. After a few hours of sleep in the camp, the hunt resumes from around 4 AM to 9/10 AM. A light meal is served mid-morning, followed by relaxation. The main meal is served mid-afternoon before the evening hunt.

Hunting is always on foot, combining "walk and stalk" and calling hunts, where local guides attempt to lure duikers into shooting range. Hunting is conducted with shotguns provided by our partner, as bringing personal firearms is not permitted.

Accommodation

During the hunt, you'll stay in single-person tents set up under a large tarpaulin. The tents are equipped with mattresses and also serve as mosquito nets. Two meals are served daily—one after the morning hunt and one before the evening hunt—with fresh drinking water always available.

Hotel and meals before and after the hunt are at your own expense. Note that toilet and bathing facilities are very primitive, consisting of a simple hole in the ground as a toilet and a "bucket shower" for bathing.

Travel to Liberia is via Brussels Airlines from Copenhagen through Brussels to Monrovia. Upon arrival in Monrovia, our local partner will meet you at the airport. From there, you'll drive through Monrovia to a local hotel, where you'll stay overnight after a 2-3 hour drive.

After a good night's sleep and breakfast, the journey continues to the base camp in the rainforest, taking approximately 6 hours depending on traffic conditions. Upon arrival, you'll repack your luggage and don your hunting gear. From there, a 2-hour hike awaits to the actual hunting camp (tent). Once the base camp is left, the hunt begins.

The return journey starts with a 7-8 hour drive back to Monrovia, where you'll stay overnight at a better hotel in the city center. Our partner will ensure that the necessary documents are obtained so that trophies and skins can be brought home in your luggage. A packing list and travel tips will be sent after booking. References from hunters who have had successful hunts for various duiker species in Liberia can also be provided.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
