## HIGHLIGHTS & DESCRIPTION

# Spanish "extravaganza" - Monteria, partrid...

### Overview

The estate covers approx. 5,500 hectares, focusing on sustainable production of olive oil and red wine, with annual exports of around EUR 4m. The property was acquired about 15 years ago by a wealthy and passionate Austrian hunting family, who now wish to share their exceptional hunting experiences with international hunters. Over the years, they have built a substantial and highly professional hunting organization, and we are pleased to offer discerning hunters access to these very exclusive hunts, previously kept private.

In this stunning landscape of mountain ridges, olive groves, and large lakes, we offer top-quality shooting for fast red-legged partridges, combined with a day of excellent duck shooting over the lakes. Alternatively, combinations of bird shooting and a day of Montería or individual stalking for red deer, fallow deer, mouflon, roe buck, and wild boar can be arranged. All hunting takes place within a 5,500-hectare fenced estate with intensive and high-end game management.

We can also offer 1–2 days of spectacular Monterías with up to 20 guns and 250 dogs, where the bag may reach 100–200 head of game per day depending on shooting performance.

The estate provides an extensive selection of shotguns included in the bird shooting price if guests prefer not to bring their own firearms. Rifles for the monteria or individual hunting for trophies are available for hire.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
